

Assoc Prof Dr. Badrul Hisham Yahaya
Editor in Chief Journal of Biomedical and Clinical Sciences

Dear Editor,

Please find attached manuscript entitled 'Progressive Double Arcuate Scotoma is a Rare Presentation in Falx Meningioma Cerebri' for your consideration for publication as a case report in your Journal of Biomedical and Clinical Sciences.

We would like to report a case of a progressive double arcuate field defect, which may indicate an underlying silent occipital pathology. A high index of suspicion is warranted in patients who are glaucoma suspects.

I look forward to a favourable reply from you and I thank you in anticipation.

Yours sincerely,

Embong Zunaina
